*Please be advised that there has been a security change in the building (you will need to allow for extra time). The tunnel entrance from the Statehouse parking garage will become an access badge-only entrance. Signage will direct visitors to enter the building through the Broad Street lobby. We understand some visitors are accustomed to entering through the tunnel. However, based on data we have collected in preparation for this change, we find the overwhelming majority of our Rhodes guests that require temporary access stickers already enter the facility off of Broad Street. Visitors will continue to be required to register at the security desk on the west side of the lobby by showing valid government-issued photo ID. Visitors will be required to go through the magnetometer. Visitors' belongings, such as bags, purses, and briefcases, will go through an X-ray machine.*
